NOTICE

NOTICE is hereby given that by Order in Council No. 989, approved the 28th day of April, 1955, His Honour the Administrator in Council, under the provisions of the "Public Utilities Act," has been pleased to approve general regulations made pursuant to the provisions of said Act, as follows:—

GENERAL REGULATIONS MADE BY THE MILK BOARD PURSUANT TO SECTION 51 OF THE "PUBLIC UTILITIES ACT" AS SUBSTITUTED BY SECTION 2 OF THE "PUBLIC UTILITIES AMENDMENT ACT, 1955."

Part I.—Application

1. These regulations shall apply only to milk and such products of milk as are supplied, processed, distributed, or sold in fresh fluid form within the Province of British Columbia, and in these regulations where the term "milk" is used, it shall be so construed unless the context otherwise requires.

Part II.—Definition and Interpretation

2. In these regulations, unless the context otherwise requires:—

- (1) "Act" means the "Public Utilities Act";
- (2) "Area" means an area defined by Proclamation of the Lieutenant-Governor under section 2 (a) of the Act;

- (3) "Basic term" means a period of three calendar months established in an area for any year in the following manner:—

(a) The total weight of milk supplied to all vendors by producers licensed in that area during each month of a period of six calendar months, ending on the thirty-first day of January in the year for which the basic term is established, shall be computed:

(b) The months within the aforesaid period of six months in which the three lowest total weights, as computed in (a), are supplied shall be the months comprising the basic term:

- (4) "Board" means the Milk Board;
- (5) "Jobber" means any person who regularly distributes milk and who obtains such milk, packaged ready for distribution, from any milk-distributor licensed by the Board; provided that "jobber" shall not include any person who purchases or otherwise acquires milk from a milk-distributor licensed within

an area and sells that milk at retail to the public at any store or other place of business within that area:

- (6) "Licence" includes renewals thereof;
- (7) "Producer-distributor" means any person who distributes milk produced only by his own herd:

- (8) "Vendor" means any person dealing in milk, whether by purchase and sale or on the basis of delivery on consignment for sale, and shall include agents for producers in the sale of milk and co-operative associations distributing milk produced by the members of such association, but shall not include a jobber or producer-distributor as defined in the regulations:

- (9) "Whole-milk requirements" means the total quantity of milk required by a vendor for the sale of milk and milk products in fresh fluid form to all or any of the following persons:—

(a) Retail and wholesale customers in the area in respect of which such vendor holds a licence:

(b) Milk-distributors holding licences within any area:

(c) Persons outside every area; provided that such milk is supplied by such vendor packaged ready for distribution to the public.

In computing a vendor's whole-milk requirements, the total quantity of milk actually sold by such vendor to any of the persons or classes of persons as herein provided shall be increased by three per cent of such quantity of milk actually sold in order to make allowance for mechanical loss of milk in the plant of such vendor.

Part III.—Classification of Distributors

3. Every milk-distributor shall be classified within one or more of the following classes:—

- (a) Jobber;
- (b) Producer-distributor;
- (c) Vendor.

Part IV.—Licences and Licence Fees

4. The Board may issue licences to producers and milk-distributors, which shall be of the following classes and for the purposes indicated:—

- (1) A Class I licence for engaging in the business of a vendor;
- (2) A Class II licence for engaging in the business of a jobber;
- (3) A Class III licence for engaging in the business of a producer-distributor;
- (4) A Class IV licence for engaging in the business of a producer.

5. Except as otherwise provided in the Act or in these regulations, no person shall engage in the distribution of milk unless he is the holder of a current licence from the Board which has not been suspended or revoked.

6. Every application for a licence shall be made to the Board in writing on the form prescribed from time to time by the Board and shall be accompanied by the registration fee prescribed in Regulation 11.

7. No licence shall be issued to an applicant unless he has satisfied the Board that:—

- (1) He has obtained every licence, permit, authorization, and certificate of registration required by any government or municipal authority having jurisdiction in any place where he intends to engage in business; and

- (2) In the case of an application for a Class I licence or for a Class III licence by a person who pasteurizes his milk before distribution thereof, that he is the holder of a current creamery or dairy licence issued under the "Creameries and Dairies Regulation Act"; or

- (3) In the case of an application for a Class III licence by a person who distributes milk without previous pasteurization thereof, that he is the holder of a current certificate showing that his dairy-farm is classed as Grade A under the "Milk Act"; or

- (4) In the case of an application for a Class IV licence, that he is the holder of a current certificate showing that his dairy-farm is classed as Grade B or better under the "Milk Act."

8. Every licence other than a licence restricted in the manner provided in Regulation 9 shall be valid to authorize the distribution of milk within the whole of the area in respect of which it is issued, but no such licence shall be valid for the said purpose outside such area.

9. Upon issuing a licence, the Board may restrict the geographical limits within which that licence shall be valid to authorize the distribution of milk to such portion or portions of an area as the Board may consider proper: No such licence shall be valid for the said purpose beyond the geographical limits for which it is issued.

10. Subject to the provisions of these regulations relating to the suspension and revocation of licences, every licence shall expire at midnight on the thirty-first day of March next following the issue thereof.

11. In respect of each licence issued under these regulations, there shall be payable to the Board licence fees to include a registration fee of one dollar and licence fees to cover the cost of regulating the marketing of milk, which licence fees shall be computed as follows:—

- (1) For a Class I licence:—

(a) Subject to the provisions of (d), at the rate of one cent for every hundred pounds of whole milk supplied to the licence-holder by any holder of a quota allotted under these regulations by any licensed producer:

(b) Subject to the provisions of (d), at the rate of one-quarter of a cent for every pound of butter-fat in the form of cream supplied to the licence-holder by any holder of a quota allotted under these regulations:

(c) At the rate of two cents for every hundred pounds of milk reconstituted in fluid form and sold by the licence-holder:

(d) Where whole milk or butter-fat in the form of cream is supplied to any vendor by any agent for producers or by any co-operative association distributing milk produced by the members of such association, the quantity of whole milk or butter-fat so supplied shall be deducted from the quantity of whole milk or butter-fat upon which licence fees would otherwise be payable by such agent or association under (a) and (b):

- (2) For a Class II licence, at the rate of five dollars for each vehicle operated by the licence-holder for or in connection with the distribution of milk:
- (3) For a Class III licence, at the rate of two cents for every hundred pounds of milk sold by the licence-holder to the public. The weight of milk sold may be computed on the basis of the following table:—

Type of Milk	Volume Equivalent to 100 lb. of Milk (Quarts)
Standard milk	39
Special milk	
Chocolate drink	
Buttermilk	
Skim-milk	13½
Substandard cream	
Table cream	
Whipping cream	
	7
	4½

- (4) For a Class IV licence:—

(a) At the rate of one cent for every hundred pounds of whole milk supplied to a vendor:

(b) At the rate of one-quarter of a cent for every pound of butter-fat in the form of cream supplied to a vendor for use in the fluid trade.

12. The licence fees payable to the Board under Regulation 11 shall be paid at the times and in the manner following:—

- (1) Every holder of a Class I licence shall, not later than the twentieth day of each month,

remit to the Board the total licence fees payable on the basis of milk supplied to him during the previous calendar month:

- (2) Every holder of a Class II licence shall forthwith, upon the issue to him of such licence, remit the total licence fees payable in respect of such licence. In the event of the licence-holder subsequently operating any additional vehicle in respect of which licence fees are payable, he shall, within fourteen days after commencing to operate such vehicle, remit to the Board the fees for such additional vehicle:

- (3) Every holder of a Class III licence shall, not later than the twentieth day of each month, remit to the Board the total licence fees payable on the basis of the milk sold by him to the public during the previous calendar month:

- (4) Every vendor shall, before making payment to any producer for milk supplied to him by such producer, deduct from the total amount payable to such producer the total Class IV licence fees payable by such producer for the period in respect of which such milk was supplied, and such vendor shall, not later than the twentieth day of each month, remit to the Board the total sum so deducted.

13. Every producer-distributor who fails to comply with Regulation 12 (3) and every vendor who fails to comply with Regulation 12 (1) or Regulation 12 (4) shall pay to the Board a penalty of two per cent of the licence fees due and payable for each day he is in default with such payment.

14. Every milk-distributor who fails promptly to pay licence registration fees or licence fees in the manner prescribed by these regulations shall, in addition to any penalty for which he may be liable under Regulation 13, be liable to have his licence suspended or revoked by the Board.

15. Notwithstanding anything to the contrary contained in these regulations, it shall not be necessary for any producer whose Class IV licence is in good standing to make application for the renewal of such licence, which shall continue renewed from year to year unless abandoned by the licensee.

16. On the thirty-first day of March in each year every vendor shall supply to the Board the names and addresses of all licensed producers supplying milk to him, and he shall at the same time remit to the Board the sum of one dollar on behalf of each such producer in payment of the registration fee payable for the renewal of each such producer's licence.

17. Every licence issued under these regulations shall be subject to suspension or revocation by the Board at any time for failure by the licensee to comply with any provisions of the Act or of any regulation made thereunder, or with any provision of the "Creameries and Dairies Regulation Act," the "Milk Act," the "Contagious Diseases (Animals) Act" or any regulation made thereunder, or with any by-law relating to the production, distribution, or marketing of milk, or to any of the matters referred to in the said Acts.

18. Whenever any licence issued under these regulations is for any reason suspended by the Board and such suspension has not been withdrawn within thirty days after the date of the suspension, such licence shall be deemed to have been revoked.

19. It shall be a term of every licence issued under these regulations that the same shall not be transferable.

Part V.—Payment for Milk

20. (1) In each area every vendor shall, at intervals not exceeding one month and not later than the fifteenth day of the month immediately following the month during which the milk to be paid for was supplied, pay in cash or by bank cheque which is immediately negotiable for all milk supplied to him during the previous calendar month by licensed producers at the price or at not less than the minimum price fixed in such area by the Board for such milk or any class or classes, grade or grades thereof.

(2) Any milk supplied to a vendor by any agent for producers or by any co-operative association distributing milk produced by the members of such association shall be deemed to have been supplied by the licensed producers who produced such milk. Nothing herein contained shall require any vendor to make payment for such milk to any person other than the agent for producers or co-operative association which delivered such milk; provided that there shall have been given to such vendor written authority to make payment for such milk to such agent or to such co-operative association.

21. Every vendor, when making any payment, shall furnish to the payee a statement showing in detail the total weight of milk received from that payee during the period for which payment is made; the weight, price, and the amount paid for the milk supplied to that vendor for his whole-milk requirements for such period; the weight, price, and the amount paid for the milk supplied to that vendor in excess of his whole-milk requirements for such period; the butter-fat test for all milk supplied; the total payment; and all authorized deductions, fully itemized; provided that where payments are made more often than is required by these regulations, it shall be sufficient compliance with this regulation if all authorized deductions itemized as aforesaid are shown once a month in one of the statements furnished.

22. No vendor shall deduct from any payment to any payee any amount other than amounts actually paid by such vendor for one or more of the following purposes:—

- (1) Charges paid on behalf of such payee for the freight of his milk to the plant of such vendor;
- (2) Can-rental paid on behalf of such payee;
- (3) Licence fees payable to the Board for such payee's Class IV licence if such payee is a licensed producer;
- (4) Any item or items duly authorized in writing by the Board.

Part VI.—Quotas

23. (1) The quantity of milk which a producer shall be entitled to deliver daily to a vendor for the daily whole-milk requirements of such vendor shall be determined by a quota allotted to that producer by the Board.

(2) Notwithstanding anything to the contrary contained in this Part, no producer shall be entitled to deliver milk to a vendor for the whole-milk requirements of such vendor or to obtain a quota unless he is the holder of a Class IV licence.

24. Save as is otherwise provided in these regulations, every quota shall be established in the following manner:—

- (1) The average daily weight of milk delivered by a producer to a vendor shall be computed by dividing the aggregate of the weight of milk delivered by such producer during the basic term established for the year in which the quota is established by the number of days in such basic term;
- (2) The total whole-milk requirements of such vendor for such basic term expressed in pounds of milk shall be divided by the aggregate of the weight of milk delivered to such vendor during such basic term;
- (3) The average daily weight of milk delivered to such vendor by such producer, as established in (1), shall be multiplied by the factor obtained from the calculation set out in (2), and the resulting figure, expressed in pounds, shall be the quota of such producer.

25. The quota so established for any producer shall be allotted by the Board to such producer and shall become effective from the first day of March in the year in which it is established; provided that no quota shall be allotted to any producer who has failed to deliver milk to a vendor on any one of the last seven consecutive days of the basic term; provided further that for the purposes of this regulation the said last-mentioned proviso shall not apply to a producer whose daily supply of milk to a vendor is in the ordinary course

delivered at regular intervals exceeding one day and whose deliveries of milk are made at such intervals during the said seven-day period.

26. Every quota allotted to a producer shall remain in force until cancelled.

27. During the whole of the period in which a quota is in force, the vendor in respect of whose whole-milk requirements such quota has been allotted to a producer shall be obliged to accept from such producer the delivery of a daily supply of milk not exceeding the amount of such quota.

28. Notwithstanding anything to the contrary contained in these regulations, no milk delivered by any producer and declared by a qualified person duly authorized by law to test milk to be unsuitable for the fresh fluid-milk trade shall be considered as having been supplied for the whole-milk requirements of any vendor.

29. No producer shall be obliged to deliver to any vendor with respect to the whole-milk requirements of whom such producer has been allotted a quota any milk in excess of such quota.

30. Notwithstanding anything to the contrary contained in these regulations:—

- (1) If the whole-milk requirements of any vendor in an area during any basic term are fully met by the milk delivered by the producers within such area who have been allotted quotas with such vendor, no quota shall be allotted to or continued with any producer for the delivery within such area of milk produced outside such area;
- (2) No producer shall be allotted more than one quota except with the written approval of the Board.

31. (1) The quota allotted to each producer shall be increased or decreased in respect of every calendar month according to the percentage by which the total weight of the whole-milk requirements for such month of the vendor with whom such producer has been allotted a quota has exceeded or fallen short of the total quantity of milk which all the producers who have been allotted quotas with such vendor are entitled to deliver under such quotas; provided that where a vendor makes payments more often than is required by these regulations for milk delivered to him by producers, the quotas allotted to such producers may be increased or decreased in respect of the periods for which such payments are made.

(2) Where during any calendar month:—

- (a) Any milk delivered by a producer during any calendar month has been declared by a qualified person duly authorized by law to test milk to be unsuitable for the fresh fluid-milk trade; or
- (b) A producer's licence has been suspended by the Board,—

the quota of such producer as increased or decreased in accordance with the provisions of (1) shall be decreased, or further decreased, as the case may be, by the proportion which the number of days within such month during which such milk was unsuitable for use in the fluid-milk trade or during which such licence was under suspension bears to the number of days comprising such month.

32. Where the total weight of milk delivered by a producer to a vendor during the whole of any calendar month does not exceed the total weight of milk which such producer is entitled to deliver to such vendor during the whole of such month under the quota of such producer as increased or decreased for such month in accordance with the provisions of Regulation 31 (1), all the milk so delivered shall be deemed to have been delivered for the whole-milk requirements of such vendor.

33. If in any year the quota allotted to a producer exceeds the average daily weight of milk supplied by such producer during the basic term established for such year, such quota may, on the first day of March in such year, be reduced in the discretion of the Board by an amount not greater than such excess; provided that for the purposes of this regulation no regard shall be had to any increase or decrease of such quota made in accordance with the provisions of Regulation 31.

34. Where in any year:—

- (a) Any of the milk delivered by a producer during the basic term established for that year has been declared by a qualified person duly authorized by law to test milk to be unsuitable for the fresh fluid-milk trade; or
- (b) A producer's licence has been suspended by the Board at any time during the basic term established for such year,—

the quota of such producer may in the discretion of the Board be decreased by an amount not exceeding the proportion which the number of days within such basic period during which such milk was unsuitable for use in the fluid-milk trade or during which such licence was under suspension bears to the number of days comprising such basic period.

35. Where in any year the total whole-milk requirements of any vendor during the basic term established for such year exceed or fall short of the aggregate weight of milk which all producers are entitled to deliver to such vendor during such basic term under the quotas allotted to such producers, the Board may in its discretion do one or both of the following:—

- (1) Increase or decrease all or any of the quotas allotted to producers supplying milk to such vendor;
- (2) Allot to a producer or producers without quotas a quota or quotas to supply milk to such vendor for his whole-milk requirements.

36. No quota allotted under these regulations shall be transferred.

37. Upon the abandonment or revocation of the Class IV licence of any producer, the quota allotted to such producer shall automatically be cancelled and may be reallocated by the Board as it sees fit.

38. For the purposes of this Part, every co-operative association delivering milk produced by the members of such association shall, as between such co-operative association and its members, be deemed to be a vendor and, as between such co-operative association and the vendors of the milk delivered to such vendors, be deemed to be a licensed producer; and every agent for producers delivering milk produced by the principals of such agent shall, as between such agent and its principals, be deemed to be a vendor and, as between such agent and the vendors of the milk delivered by such agent to such vendors, be deemed to be a licensed producer.

Part VII.—Quota Committee

39. (1) In respect of each licensed vendor there shall be established an advisory committee known as a "Quota Committee," which shall consist of a Chairman appointed by the Board and two members, one of whom shall be a representative appointed by such vendor, and the other of whom shall be a representative elected before the first day of June in each year by the producers who have been allotted quotas in respect of such vendors in a manner to be determined by the majority of such producers, or, failing such election, a producer nominated by the Board.

(2) The Chairman of each Quota Committee shall be the convener of such Committee and shall be entitled to vote on all matters, and in the case of a tie shall have a second or casting vote.

(3) The Chairman and one member shall constitute a quorum.

40. Each Quota Committee shall have power to make recommendations to the Board in respect of the following matters:—

- (1) The reduction of quotas under Regulation 33 and Regulation 34;
- (2) The increase, decrease, and further allotment of quotas under Regulation 35;
- (3) The reallocation of quotas which have been cancelled;

(4) All other matters upon which the Board may invite recommendations.

41. (1) In making a recommendation that a quota of a producer shall be reduced, a Quota Committee shall give due consideration to any representations submitted by or on behalf of such producer.

(2) In making any recommendation regarding the increase, further allotment, or reallocation of quotas, a Quota Committee shall give due consideration to applications for quotas made by producers to whom no quotas have been allotted.

42. The Board shall give due consideration to the recommendations of every Quota Committee but shall not be bound to follow the same.

43. (1) The Board, upon receipt of a recommendation of a Quota Committee that an application be refused, shall mail a copy of such recommendation to the applicant for such quota.

(2) Such applicant shall, within twenty-eight days after a copy of such recommendation has been mailed to him, be entitled to make representations to the Board in respect of such recommendation, and the Board shall give due consideration to such representations as well as to the recommendation of the Quota Committee, and shall advise the applicant in writing of its decision.

44. Quota Committees shall furnish reports at such times and in such form as the Board may from time to time require.

Part VIII.—General

45. No producer-distributor shall obtain milk which he may require for sales in excess of the milk produced by his own herd, excepting from another producer-distributor or a vendor licensed by the Board to distribute milk in the same area. Milk so obtained shall be packaged, ready for distribution, by the original licensee.

46. No milk-distributor shall operate any vehicle for the distribution of milk to the public without first having the name under which his business is conducted printed in plainly legible characters on both sides of said vehicle.

47. Upon receipt by the Board of an application in writing by any person affected by any decision of the Board, within seven days of the making of such decision the Board shall furnish to such person its reasons for such decision.
